| Installation and servicing of Directv home installations. Cabling, dish mounting & peaking, signal testing, receiver activation, systems troubleshooting, and sales. | |
| Wenner Bread Products - Tool/Inventory Attendant | 2005 – 2010 |
| Managed inventory of over 30,000 items. Created requisitions, work orders, dispensed medical supplies, stocked items and machine equip to mechanics, sanitation, electricians, shipping and production, acted as liaison between departments and our other facilities, recorded and notified HR of sick/late calls, prepared tool carts for upcoming shift, checked in tools from prior shift, stocked shelves, received UPS, performed physical | |

counts/adjustments, notified mechanics of 6 zone alarms, identified and located parts rapidly to prevent downtime during production. Occasional breakdown and set-up of production machinery.

NBTY, Inc. - Machine Operator/Junior Mechanic

2002 - 2003

Weighed and inspected vitamins every 20 minutes, and calculated total production for each product batch. Disassembled machines, cleaned and prepared for next batch.

Simply Lite Foods Corp. - Data Analyst/Inventory/Data Entry & Adjustments

2004

Inbound of finished goods, transfer of products to temporary logistics company, creation of daily production reports to be submitted to customers, and fixed any errors that may come about. Simply Lite made Sweet'N Low products, and also manufactured sugar and sugar-free packets, hard candy, chocolate wafers, milk chocolate bars, and many other products for such companies as Keebler, Atkins, and Nestle. Occasionally, drove forklifts and organized the warehouse while doing inventory.

ADDITIONAL EXPERIENCE:

Ingenious Targeting Laboratory - Production Associate

Summer 2007

Mini-preps (extraction of DNA from Bacteria, digestion, and gel electrophoresis), maintenance of a DNA fragmenting machine, operation of autoclave, and creation of many types of gels for electrophoresis. Other duties included but were not limited to the production of various buffers, reagents, and solutions, the stocking of all materials needed throughout each department, and taking photos of gels.

Muscular Dystrophy Association - Organizer/Telemarketer

2005

Organized and planned Hop-a-thons at schools, and other fund raising events for local businesses.

Vector Marketing - Field Sales Representative

2004

Scheduled appointments, and performed Cutco demonstrations. Benefits included experience in managing time, and strengthening of social skills.

Luna International - Admin/Reception/Inventory/Photographer/Design

2003

Small company specializing in sale of children's sneakers to dept/retail stores. Called and faxed customers, photography of new products, the design of new catalogs, inventory control, and the design and implementation of a website and database structure to be used by customers, as well as employees.

HANDY SKILLS & MISCELLANEOUS:

Sheetrock, plumbing, car maintenance/repair, power washing, flooring, roofing, framing, car stereo installations, appliance repair, audio/video installations.
